Bass Type	Bass Radiator
Dimensions	24.14" x 23.44" x 24.91" 612.6 x 594.4 x 632.7mm
Amplifier Type	Class H
Frequency Response (-/+ 3dB)	20-150Hz
Low-Pass Crossover Freq	40-120Hz
Phase Adjustment	-135 to 180 degrees (In 45 degree increments)
LFE	Single RCA
Speaker	Left/Right 5-Way Binding Posts
What's in the Box	Subwoofer Slim Remote Control (Batteries Included) Power Cord Quick Start Guide

Descend | DN15

Ultra-Performance, 15" Subwoofer
with Dual 15" Bass Radiators

Definitive Technology's most powerful subwoofer ever brings massive, uncompromising bass performance to your high-end system. Loaded with custom technologies such as 3XR™ Architecture, Intelligent Phase Control™, Class H digital amplification, and an advanced 56-bit DSP, the DN15 creates extremely loud, low, clear bass that adds massive impact to your home theater.

KEY BENEFITS

Massive Performance

The loudest, lowest, most impactful subwoofer we've ever made. Plays as low as 20hz and as loud as two 18" ported subs.

Loud & Clear

Powered by Class H digital amplification, an advanced 56-bit DSP and our unique 3XR™ Architecture for clarity that matches its power.

Fully Controlled Impact

Intelligent Phase Control™ provides 360 degrees of tuning, ensuring impactful bass perfectly synced with your system.

Precision Tuning

Groundbreaking phase, volume, frequency and EQ controls let you adjust the DN15 to sound precisely how you like it.

Plays as Low as 20Hz

The advanced, ultra-efficient Class H digital amplifier delivers continuous power to reproduce sustained frequencies as low as 20Hz loudly and clearly.

Optimize to Your Preferences

With three built-in performance EQ modes (Flat, Deep and Loud), the Descend DN15 can be optimized to your room, music and listening preferences.

PRODUCT FEATURES

15" Driver and Dual 15" Bass Radiators: for maximum bass performance

3XR™ Architecture: for shockingly loud, clear, deep bass

Intelligent Phase Control™: for seamless system blending

Class H Digital Amplifier: for pure power

Plays as Low as 20Hz: for deep impact in any system

Advanced 56-Bit DSP: for artifact-free bass extension

Remote with Display: for easy, responsive tuning
